

## Merry Happy Winter Holidays!

### To all Nunn Better! clients and associates:

We want to wish everyone a very happy winter season and hope that it is merry and full of family and friends for the whole family — including the furry, fur-less, scaly, slimy, and feathery members!

We are excited to continue meeting all of your pet sitting needs and hope to hear from each and every one of you in the following months. Let's make it a wonderful end to 2010, and embrace all that 2011 has in store for us.

Blessings to you and yours,

Seneca Nunn and Nunn Better! Pet Care staff

Seneca Nunn, owner

### Letter From the Editor's Secretary

'Tis the season for my mommy — I mean the editor — to run around like a puppy chasing its tail. Therefore, I am creating the newsletter this month.

Sincerely, Talon

### MISSION

## HO HO HO, HUMBUG!!

### Grumpy "Poodle Cat" in the Santa Hat to Help Homeless Animals

Kitty Humbug is based on a real-life cat named Starsky who was adopted by a veterinary hospital from a cat sanc-

tuary in Tucson. The Persian-Himalayan mix had health issues and no one else wanted him. Despite his crabby appearance, Starsky became a beloved, free-roaming office cat, greeting all clients and pets as they came into the office. With his shaved body – except for his "poodle" tail, feet and face – he is one unforgettable feline!

Tucson artist Diana Madaras decided to paint his portrait, and now this once-abandoned shelter cat has morphed into a superstar. Click here to meet Kitty Humbug and the real cat, Starsky, in their own YouTube video!

Today Kitty Humbug has his own children's book, stuffed

toy and is even featured on coffee mugs, holiday cards, ornaments, and art tiles. You can help shelter pets by purchasing Kitty Humbug products, as a portion of the proceeds will be donated to the Art for Animals Foundation. See all the products here:

Diana owns two galleries in Tucson that feature her work exclusively, and for many years she has donated a portion of the galleries' profits to animal causes. The Petfinder.com Foundation has just adopted Kitty Humbug as its newest partner in the crusade to raise money for shelter animals.

Combining lifelong veterinary healthcare for dogs and cats with affordable urgent care.

### TWIN PEAKS VETERINARY CENTER ANNOUNCES GRAND OPENING OF GROOMING & EDUCATION CENTER

Dr. Beth Neuman founded Twin Peaks Veterinary Center in March of 2010 to combine high quality client and patient care, state-of-the-art medical equipment and services, and a staff of committed veterinary professionals under one roof. Several years as an emergency veterinarian convinced her that Twin Peaks Veterinary Center needed to offer not only preventative medicine for furry family members, but also evening and weekend urgent care services. This month, Twin Peaks Veterinary Center is proud to announce the addition of grooming services as well as an education center to the facility.

Susan Drum has been an animal lover all her life and a resident of Tucson for 22 years. Susan trained under Certified Master Groomer Barbara Bird, a groomer with 35+ years experience and a nationally recognized teacher and mentor. Susan is familiar with and comfortable around all breeds of dogs and has a special place in her heart for cats. With a holistic approach to grooming, Susan considers behavior, lifestyle and your pet's overall well-being as she consults with you about the "perfect spa experience" for your pet. She is currently pursuing certification with the National Pet Groomers Association and the Professional Cat Groomers Association.

Have you ever wondered what it would be like if your dog actually came when you called? Is potty training a problem at your house? Let Sue help you! We are proud to introduce Sue Barrett, our resident dog trainer, who brings a lifelong love of animals and countless years of animal experiences to Twin Peaks Grooming and Education Center. Classes are intimate so everyone gets one on one time with the trainer. Sue has been a trainer at the Humane Society of Southern Arizona, running the puppy pop-in program as well as assisting with agility programs and obedience classes. Sue looks forward to meeting you and your dog to discuss class availability.

Visits (grooming and training) can be scheduled by calling 520-572-1700 or you can get more information at [www.twinpeaksvet.com](http://www.twinpeaksvet.com). We invite you to stop by anytime with your furry family member to say hello to Dr. Neuman and her terrific staff.
